

Low pressure pipeline regulation sets

Low pressure pipeline regulations sets serve as individual pressure control at the work place. They are available as versions with pressure indication (0-10 bar), with flow gauge or with flowmeter. The maximum inlet pressure is 40 bar.

Art. 5651

Pipeline regulation set for 1 gas

Art.5651

Art. 5652

Pipeline regulation set for 2 gases

Art.5652

Art. 5653

Pipeline regulation set for 3 gases

Art.5653

Pipeline regulation sets include:

- bracket (1 gas)
- bracket (2 or 3 gases)
- ball stop valve G 1/2" outside thread
- valve block (right hand / left hand)
- low pressure regulator
