

Art. 6201

Pressure regulator without working pressure gauge, compact and robust Design. Suitable for applications where propane only is used or in combination with ambient air.

Connection: W 21,8 x 1/14" L

Outlet: hose connector 3/8" left

Art. No. 6201	
Test pressure (bar)	30
Working pressure (bar)	0-4
Flow rate (kg/h)	30

Version with angle in the outlet

Art. 6201-W

Version for cylinders with submerged tube (liquid gas),

cylinder connection 3/4" L

Art. 6201-3/4L
